Question 1: On the front of the Qualifications Submittals it states "To be submitted by the bidder under consideration for award after bid opening", but on page 00300-2, Article 4 (Attachments included with this bid) Article 4.2 it states Bidder provided documents, are as required in the following Sections of the bidding documents: Sections 00410, 00420, 00440, and 00450. It's not clear whether these forms are required to be submitted with our bid or not? Please clarify.

Response: *Sections 00410, 00420, 00440, and 00450 are to be completed by the Bidder Under Consideration for Award only. Please see item listed above in this bulletin.*

Question 2: Now that everything has switched to GLWA, I noticed there are no Equalization Eligibility Form for submitting. We usually submit the Customer-Based Business form so I wanted to make sure if this no longer an option or whether I might need to look at your website.

Response: *GLWA does not require the Equalization Eligibility Forms. Equalization is only utilized on DWSD projects.*
