BIDDER QUESTIONS

Tooles Contracting Group, LLC email dated 7/5/16

Question: In light of the bidder's requirement under Section 00300, Article 6.2 to "furnish and attach in the Bid the published current collective bargaining rates," we are requesting the GLWA's consideration of a time extension to the current July 8, 2016 bid due date so that ratified rates are secured in time for inclusion with the bid. Please note that many of the union halls are on an extended holiday and our attempt to secure the applicable skilled labor classification rates appears to require additional time beyond this Friday's due date. The Authority's kind consideration of a one-week time extension would be most appreciated.

Response: *The bid opening date for this project will not be extended.*
