

WASTEWATER MASTER PLAN

Wastewater Master Plan is Great Lakes Water Authority's strategy for providing wastewater services to its member communities and ultimately, residents and businesses in the region. The plan ensures that the wastewater system meets current and future needs and is able to provide cost-efficient, regulatory-compliant and reliable services to the GLWA communities for the next 40 years.

5 OUTCOMES OF THE WWMP:

1. Protect public health and safety
2. Preserve natural resources and the environment
3. Maintain reliable, quality service
4. Assure value of investment
5. Contribute to economic prosperity

TIMELINE:

**APRIL 2017
THROUGH 2020**
