

Welcome to a Special Edition of **The Procurement Pipeline**, a monthly newsletter designed to bring you informative updates on doing business with GLWA. *This edition of the Pipeline focuses on our 4<sup>th</sup> Annual Vendor Outreach – Doing Business with GLWA.*

### GLWA Vendor Outreach – Thursday, May 16, 2019

GLWA's 2019 Vendor Outreach event will be held at Laurel Manor in Livonia. You must be

registered to attend. [Register Here](#)

### New Format

Last year's Vendor Outreach surveys told us that you want more interaction with the GLWA Team and networking. We listened and believe you will like the changes we made to the agenda. Registration and breakfast networking begin at 7:30 am, with the program starting at 8:30 am, beginning with a welcome from GLWA CEO Sue McCormick. The formal part of the program ends at noon; however, the new Resource and Networking Room is open until 12:30 pm.

### New Initiatives

Financial Services has been busy in the last year and you will hear about the many new initiatives that have you, the Vendor, in mind. One of the new programs is "GLWA Direct to You" from our Accounts Payable team. That's right, direct payments or electronic payments is brand new and Jill Kusters, Financial Reporting & Accounting Director couldn't be more excited to share the details on May 16<sup>th</sup>.

### Responding to Solicitations

Responding to solicitations can seem overwhelming given all the required information and forms. A general session will focus on how to successfully complete the forms and GLWA expectations. You will learn from the GLWA experts: Sonya Collins, Interim Procurement Director, and Daniel Edwards, Procurement Manager. For those that have responded to GLWA solicitations in the past, our forms are changing so it is worth your time to attend this informative session!

### Expert Panels

The second part of the morning will feature three breakout sessions. Choose from the Construction Panel, Consulting Panel, or the IT & Other Commodities Panel. This is your opportunity to interact with GLWA project managers, engineers, and procurement. There are no formal presentations – it's all about you engaging in discussion with GLWA representatives. Write down your questions now so you don't forget! Feel free to walk from one panel to another.

### Resource and Networking Room

Don't want to ask a question in front of a big audience? No problem! The Resource and Networking Room provides the opportunity to ask questions one-on-one. GLWA will have representatives from Procurement, Accounts Payable, Insurance & Bonds, Logistics & Materials, and the Small Business Initiative. In addition, we will have external resources for Small Businesses available from 11:00am – 12:30pm.

### What's Coming Down the Pipe?

We know that Upcoming Procurements is an important feature to our vendors. That's why this Special Edition is providing our regular monthly update.

*Current Solicitations:* Available on [Bonfire](#)

*Next Three to Nine Months:* See page 2

### National Small Business Week (May 5 – 11, 2019)

GLWA congratulates Small Businesses! Small businesses are recognized for their critical contributions to our economy. Our Small Business Initiative is actively recruiting local, small businesses to bid on GLWA projects, services, and goods.

### Keeping Up With GLWA

Our [CEO's](#) monthly report provides a wealth of information and news about important initiatives.

### Where to Meet GLWA

GLWA participates in many outreach events throughout southeast Michigan. We welcome you to visit us at the following events. Note: event sponsors may require pre-registration and/or a fee.

- 💧 [Michigan Minority Procurement Conference](#) May 9
- 💧 [GLWA 2019 Annual Vendor Outreach](#) May 16
- 💧 [Schoolcraft College Meet the Buyer](#) June 13
- 💧 [Flint-Genesee County Meet the Buyer](#) June 19
