GLWA Vendor Outreach 2021 Staff Directory

The Great Lakes Water Authority: A New Era Continues

January 1, 2021 marks the start of our sixth year as a regional water authority in Southeast Michigan. GLWA operates one of the largest water and wastewater utilities in the nation, providing water services to nearly 40% of the State of Michigan’s population. The GLWA Board of Directors is comprised of six board members: two from the City of Detroit, and one each from Wayne, Oakland and Macomb counties, plus one representing the customer service areas outside the tri-county area.

Chief Executive Officer Sue F. McCormick leads the daily operations with six functional areas as depicted below.
