

Statement from GLWA in response to Highland Park Mayor's Statement at the Monday, April 17, 2023, City Council Meeting

April 17, 2023

It has been reported to the Great Lakes Water Authority (GLWA) that a speculative statement has been made that the Authority wants to shut off water service to the City of Highland Park. That statement is untrue and counterproductive. GLWA hopes, for the entire region, that an amicable solution can be achieved in the near future.
