UPDATE 3: BOIL WATER ADVISORY LIFTED FOR FIVE IMPACTED COMMUNITIES

- *Second round of water quality test results has come back clear*
- *Boil Water Advisory lifted for Chesterfield Township, Lenox Township, Macomb Township, the Village of New Haven, and the city of Rochester (Rochester East – GLWA District only)*
- *Checklists for what residents and businesses should do after the Boil Water Advisory ends are available*

DETROIT – The Great Lakes Water Authority (GLWA) is providing an update on the break to its 36-inch water transmission main on 24 Mile Road (near North Avenue) that occurred just after 6:00 a.m. on Tuesday, August 1, 2023.

The second round of water quality testing has come back clear, and the Boil Water Advisory for Chesterfield Township, Lenox Township, Macomb Township, New Haven, and the city of Rochester (Rochester east, GLWA District only) is lifted, effective immediately.

“All testing has confirmed that the water is safe to consume and cook with and meets all Safe Drinking Water Act regulations,” said Suzanne R. Coffey, Chief Executive Office for GLWA. “I want to thank the residents of the five impacted communities, as well as our member partners, for their patience throughout this challenging situation and as we worked to fulfill our obligation to protect the public’s health.”

To assist those impacted by the Boil Water Advisory, GLWA has created check lists for what [residents](#) and [businesses](#) should do after a Boil Water Advisory has ended.

Work to repair the main break continues, and an investigation into its cause will be conducted.

###

About the Great Lakes Water Authority (GLWA)

The Great Lakes Water Authority (GLWA) is the provider-of-choice for drinking water services to nearly 40 percent, and efficient and effective wastewater services to nearly 30 percent, of Michigan’s population. With the Great Lakes as source water, GLWA is uniquely positioned to provide those it serves with water of unquestionable quality. GLWA also has

the capacity to extend its services beyond its 88 member partner communities. As part of its commitment to water affordability, the Authority offers a Water Residential Assistance Program to assist low-income households in participating member communities throughout the system. GLWA's board includes one representative each from Oakland, Macomb, and Wayne counties, two representatives from the city of Detroit, and one appointed by the Michigan governor to represent member partner communities outside of the tri-county area.
